✖ Podpora Slovenskega filmskega centra, javne agencije

UVOD

Podeljevanje podpore Slovenskega filmskega centra v obdobju 2011-2017 zaznamujejo nihanja v deležu podprtih celovečernih filmskih projektov žensk so-avtoric v posameznem programskem letu. V posameznih letih ni bil podprt noben celovečerni film ženske režiserke (2012 in 2017), hkrati pa je prepoznan trend, da delež prijav žensk soavtoric na razvoje projektov z leti upada (od 7 prijavljenih leta 2011 na 1 v 2016 in 2017). Polovico vseh podprtih celovečernih filmov z režiserko predstavlja razpis za celovečerne prvence (4), ki predvideva nižjo višino sofinanciranja na projekt. Deleža podprtih celovečernih filmov režiserk po obdobjih Filmskega Sklada (1995-2010, 11%) in SFC (2011-2017, 12.7%) sta pod EWA evropskim povprečjem, ki znaša 21% za obdobje 2006-2013 (raziskava mreže EWA – Evropska ženska avdiovizualna mreža, vključuje 7 držav [Italija, Velika Britanija, Švedska, Avstrija, Hrvaška, Nemčija, Francija]).

Slovenska filmska produkcija jugoslovanskega obdobja ni ustvarila filmske režiserke. S samostojno Slovenijo šele leta 2002 dobimo »prva ženska podpisa« dveh celovečernih igranih filmov režiserk **Maje Weiss** (Varuh meje) ter **Hanne Slak** (Slepa pega) s podporo takratnega Filmskega Sklada in kinematografsko distribucijo. Do danes je bilo z nacionalno podporo realiziranih osem celovečernih igranih filmov režiserk Maje Weiss, Hanne Slak, Janje Glogovac, Dafne Jemeršič in Sonje Prosenc, dva celovečerna eksperimentalna filma Eme Kugler in en celovečerni dokumentarni film Petre Seliškar.

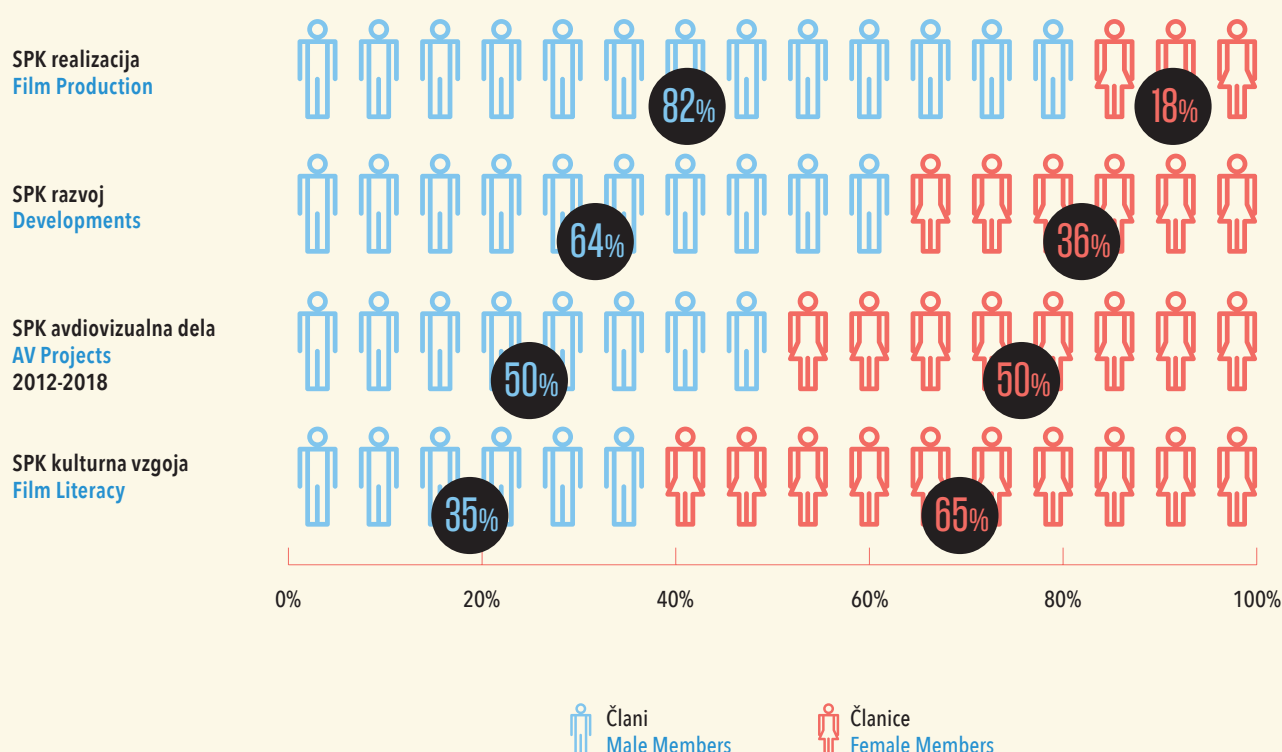

INTRODUCTION

The fluctuations of the percentage of supported feature film projects by female co-authors in the individual years have been characteristic of the Slovenian Film Centre support, provided in the period between 2011 and 2017. In certain years not even, a single feature film by female directors was supported (2012 in 2017). A trend has been identified that the percentage of female co-authors applying for project development has been decreasing in the recent years (from 7 applicants in 2011 to a single applicant in 2016 and 2017). One half of all supported features, directed by women, has been covered by the public tender for feature debuts (4), which provides for a lower amount of co-financing per project. The percentages of supported feature films by female directors in the individual periods of the Slovenian Film Fund (1995–2010, 11 %) and the Slovenian Film Centre (2011–2017, 12.7 %) are well below the EWA European average, which amounts to 21 % for the period between 2006 and 2013 (according to the research conducted by the EWA - European women's audiovisual network, which includes seven countries [Italy, Great Britain, Austria, Sweden, Croatia, Germany, France]).

The Slovenian film production during the Yugoslav period has not resulted in even a single female director. Only as late as in 2002, in the independent state of Slovenia did the first two women finally sign two fiction features: **Maja Weiss** (Guardian of the Frontier) and **Hanna Slak** (Blind Spot). Their films with cinematographic distribution were made with the support of what was then the Slovenian Film Fund. To date, eight fiction feature films by the female directors Maja Weiss, Hanna Slak, Janja Glogovac, Dafne Jemeršič, and Sonja Prosenc; two full-length experimental films by Ema Kugler; and a single documentary feature by Petra Seliškar have been realised with the national support.
